RATING CHART

Check your current statistics from '01 games and cricket games on your player
card from on line systems (Phoenix / DARTSLIVE) or other statistic computation.
If no online options are available. Play 5 games of each (501 & Cricket)
Keep track of each statistic (average) for each game individual stats
Add each stat in category (501 & Cricket separately) and divide by number of
games played (as noted above – we recommend 5 games of each 501 & Cricket)
This will give you your average PPD and MPR
